

BLEFA - THE KEG.

MADE IN GERMANY

FINNKEG
The versatile keg

BLEFA.
THE KEG - POWERED BY **FRANKE**

FINNKEG

The versatile keg

More Information:
www.blefa.com

The characteristic top and bottom chimes are made of high-density polyethylene. This guarantees careful handling during the transport and behind the bar. The chimes are machined to provide a keg that is easily stackable with a high degree of stability.

VARIATIONS

DIN, EURO, Slim

AREAS OF APPLICATION

Beer, Wine, Cider, Softdrinks

INDIVIDUAL DECORATION

- Coloured top and bottom chimes
- Hot foil printing of your brand name in the top and/or bottom chime
- High-quality silk screen printing of your brand name or logo on the keg body (one- or two coloured)
- Stickers / Labelling
- Electrochemical Etching

FEATURES

- Top and bottom chimes are made of high-density polyethylene (HDPE)
- Exchangeable top and bottom chimes
- Geometry of chimes can be adapted individually
- Laser etching of 2D Matrix code or QR-Code as an alternative

BLEFA KEGS – MADE IN GERMANY

Highest quality: ISO certified 9001:2008

Hygiene and safety: Utilization of high-quality stainless steel for all components that come in contact with the contents (Standard 1.4301 / AISI 304; Alternative 1.4571/316)

Focus upon safety: All kegs are equipped with a safety burst disc
